

Dear Parent or Guardian:

In connection with their class instruction, students are offered trips to different places of educational value and we are pleased to introduce Outdoor School for our 6th grade students. We will be taking your student to 3 different locations to study a variety of environmental topics including Biology, Ecology, and Native American Culture. We will be going on May 14th, 15th, and 16th. **These are day trips during our regular school hours.** Look for more information to include a permission slip and field day details to be sent home with your student in the coming weeks.
