WEEKLY CALENDAR PROCESS:

1. Each grade level will submit a weekly calendar to the appropriate Grade Level folder by Thursday afternoon. This is to give EAs supporting the teachers time to see the assignments and meet together Friday to preview together. They meet from 2-2:30 on Fridays.
2. Calendars will be pushed out to families on Friday afternoon.
3. There are TWO math boxes, as students in 6th grade will have Math 1 OR Math 2, students in 7th grade will have Math 2 OR Math 3, and students in 8th grade will have Math 3 OR Algebra.
4. Related Arts will submit tasks on all three grade level grids, as students in each grade level will be spread out between the 5 options. Students will only complete tasks for their assigned classes.
5. Teachers will post the
 - a. Learning Objective
 - b. Title of Assignment
 - c. Due Dates.
